This is to affirm that we have critically evaluated the institutional policies and program strategies of the organization Jan Shiksha Sanskritik Prakashan avam Grameen Kary Society / SPECTRA having its Registered Address: at E-11, Patel Nagar Mannaka Road, ALWAR (Raj.) 301001.

The evaluation was based on perusal of documents, interaction with the institutional advisors, the institutional functionaries, and the beneficiaries of the program.

We have placed maximum emphasis upon the critical analysis of the strategies and processes that are turning the activities of the organization into need-based, result-oriented, effective and sustainable programs. We have tried to explore the binding forces that are establishing cohesion among the diversified activities and are paving the path towards synchronization. It was interesting to note how the activities are getting crystallized with one another and shaping up the concrete developmental programs.

We truly appreciate the process-driven strategic approach adopted by the institutional functionaries, for ensuring the gradual development of the organization from qualitative perspective. We also acclaim the resilient institutional psyche of The Jan Shiksha Sanskritik Prakashan Avam Grameen Kary Society (abbreviated as SPECTRA) and their pliable approach to acclimatize with the dynamic external situation.

On behalf of us, our Accredited Trainer and Certified Assessor Sri Purandar Sengupta has composed the detailed External Evaluation Report for The Jan Shiksha Sanskritik Prakashan, which is attached herewith.

We solemnly affirm that the External Evaluation Report is being issued by us without any subjective bias and partiality. Rather the External Evaluation Report is being issued on the basis of logical coherence and sheer objectivity.
